Minka Light Wave LED Ceiling fan

*"Working with The Bath Barn was truly a custom experience. We had a good idea of what we wanted when we began the project, but their experienced craftsman offered suggestions that turned our master bedroom and bath into the retreat we were looking for with all the practical uses for living in it every day. Our bathroom size was limited but with the product offering at The Bath Barn Showroom we were able to find all the perfect fixtures to meet all our wishes. We LOVE our new Master bathroom, bedroom, and closet!"*
