

# Let the GAMES Begin

**converting an unfinished basement into a family fun room**

**T**o complete the blank canvas of their newly finished basement, Tom and Andrea turned to Barstools & Billiards for an oasis to entertain or just get away. With so many different games and options to choose from, the family decided on a few of the more popular possibilities to enjoy.

Adding to the Irish Pub theme was an old-time favorite—foosball. Who can resist the fast action and limitless fun

a foosball table can bring to a game room? Even if you've never played before, its simple rules and game play can intrigue just about anyone. But for an advanced player, foosball can be a device to show off your skills and let everyone know it's more than a simple bar game.

Appropriately positioned along an open wall, a shuffleboard invites play from beginners and seasoned veterans alike with just the right amount of

touch. Its sleek playing surface wows with its quick, glass-like feel. Even though they've become less common, shuffleboards are making a glorious return to game rooms and bars alike. Ranging from 9 feet to 22 feet, more and more people are finding they have room for such an exciting and fun game.

Among the exposed beams, hung nicely on a wall, sits a dartboard, another Irish pub fixture. This

At Barstools & Billiards, our mission is to provide our customers with a fun and informative shopping experience, while offering them the best selection of top-quality rec-room home furnishings.

Since 1989, Barstools & Billiards has combined top quality products, the largest selection, and the best prices in town. Starting with a passion for the game of pool, and an empty showroom in a 100-year-old former Watt & Shand department store building, Barstools & Billiards was opened. Original product offerings centered around pool tables and accessories for pool. As the business and the clientele grew, customers were looking for new and different things. Poker tables, barstools, air hockey, foosball, and other products were added to the showroom. With the ever-growing popularity of game rooms in homes, Barstools & Billiards has developed into one of the top 10 distributors in the COUNTRY! Come visit one of our amazing showrooms and enjoy being treated like a person and not just a number.

exciting skill game pits your hand-eye coordination against your opponent's.

As the centerpiece of the room, the family chose a beautiful pool table. Being able to customize so much about their table allowed them to create a table that matched the unique style of their Irish Pub theme. Catering to people of any age and skill level, a pool table will promote a lifetime of enjoyment.

After playing these games, it's time to enjoy a cold drink at the bar. The couple had a custom-made wrap-around bar built to accentuate their Irish Pub theme. It's easy to find a seat to cozy up to the bar, with its comfortable size and eight barstools, each with the Guinness logo embroidered on top, spaced nicely to accommodate a larger crowd. Following suit, the large back-bar mirror also displays the Guinness logo along with a glass rack and shelf for select bottles.

Barstools & Billiards helped put a small piece of Dublin in Lititz. From dartboards to pool tables, shuffleboard to foosball, Barstools & Billiards can turn an ordinary basement into a new room that the entire family can enjoy. You'll find more information and product options on our website, [barstoolsandbilliards.net](http://barstoolsandbilliards.net).
